

# College

## About Us

The College was established as part of the Linguistics University in 2023. The College offers programmes in “*Pedagogy of Additional Education*”, “*Sign Language Communication*”, “*Tourism and Hospitality*”. The curriculum is created for 9<sup>th</sup> grade secondary school graduates and aims at providing high quality education in the selected area at vocational level. The students study two foreign languages and get professional communication skills. The courses are fully based on the national standards and recognised qualifications and are designed to meet the regional demands and requirements in education, economics and management.

The teachers of the College are a motivated group of people who positively contribute to the modern learners’ life long education. We employ qualified professionals of both secondary and tertiary level with profound expertise skills and extensive language experience.

We take pride in developing partnership with leading enterprises both in Nizhny Novgorod and Russia. We look forward to the bright future and gaining success with companies and employers when arranging practice and traineeships for our students as well as upskilling the national workforce.
